

### In series

The model is in series and available for the long term.

## Specification

### Sensor

|                                         |                                           |
|-----------------------------------------|-------------------------------------------|
| Sensor type                             | CMOS Mono                                 |
| Shutter                                 | Rolling shutter                           |
| Sensor characteristic                   | Linear                                    |
| Pixel Class                             | 20 MP                                     |
| Resolution                              | 20.44 Mpix                                |
| Resolution (h x v)                      | 5536 x 3692 Pixel                         |
| Aspect ratio                            | 3:2                                       |
| ADC                                     | 12 bit                                    |
| Color depth (camera)                    | 12 bit                                    |
| Optical sensor class                    | 1"                                        |
| Optical Size                            | 13.286 mm x 8.861 mm                      |
| Optical sensor diagonal                 | 15.97 mm 1"                               |
| Pixel size                              | 2.4 $\mu$ m                               |
| CRA (Chief Ray Angle)                   | 0 °                                       |
| Manufacturer                            | Sony                                      |
| Sensor Model                            | IMX183CLK-J                               |
| Gain (master/RGB)                       | 16x/-                                     |
| AOI horizontal                          | same frame rate                           |
| AOI vertical                            | same frame rate                           |
| AOI image width / step width            | 256 / 2                                   |
| AOI image height / step width           | 1 / 1                                     |
| AOI position grid (horizontal/vertical) | 2 / 1                                     |
| Binning horizontal                      | increased frame rate                      |
| Binning vertical                        | increased frame rate                      |
| Binning method                          | Horizontal: weighted / Vertical: weighted |
| Binning factor                          | 2x2                                       |
| Decimation (subsampling) horizontal     | -                                         |
| Decimation (subsampling) vertical       | -                                         |
| Decimation (subsampling) method         | M/C automatic                             |

### Model

|                                   |                   |
|-----------------------------------|-------------------|
| Frame rate freerun mode           | 19 fps            |
| Frame rate trigger (continuous)   | 10 fps            |
| Frame rate trigger (maximum)      | 10 fps            |
| Exposure time (minimum - maximum) | 0.053 ms - 814 ms |
| Long exposure (maximum)           | 30000 ms          |
| Power consumption                 | 1.6 W - 3.4 W     |
| Image memory                      | 128 MB            |

### Ambient conditions

For PCB versions, refer to the separate hints in the respective documentation.

|                                             |                                 |
|---------------------------------------------|---------------------------------|
| Allowed device temperature during operation | 0 °C - 55 °C / 32 °F - 131 °F   |
| Allowed device temperature during storage   | -20 °C - 60 °C / -4 °F - 140 °F |
| Humidity (relative, non-condensing)         | 20 % - 80 %                     |

### Connectors

|                     |                                           |
|---------------------|-------------------------------------------|
| Interface connector | USB Type-C                                |
| I/O connector       | 8-pin Hirose connector (HR25-7TR-8PA(73)) |
| Power supply        | USB cable                                 |

### Pin assignment I/O connector

|   |                                              |
|---|----------------------------------------------|
| 1 | Ground (GND)                                 |
| 2 | Flash output with optocoupler (-) - Line 1   |
| 3 | General Purpose I/O (GPIO) 1, 3.3 V - Line 2 |
| 4 | Trigger input with optocoupler (-) - Line 0  |
| 5 | Flash output with optocoupler (+) - Line 1   |
| 6 | General Purpose I/O (GPIO) 2, 3.3 V - Line 3 |
| 7 | Trigger input with optocoupler (+) - Line 0  |
| 8 | Output supply voltage, 5 V (100 mA)          |

### Design

|                  |                             |
|------------------|-----------------------------|
| Lens Mount       | No mount                    |
| IP code          | -                           |
| Dimensions H/W/L | 29.5 mm x 40.0 mm x 25.0 mm |
| Mass             | 19 g                        |
| Housing material | -                           |

### Features

List of on-camera image pre-processing features.

All features of the table are available via our IDS peak software for image pre-processing on the host computer (sensor model dependent).

#### Image Acquisition

|                             |   |
|-----------------------------|---|
| Freerun                     | ✓ |
| Software trigger            | ✓ |
| Hardware trigger            | ✓ |
| Trigger controlled exposure | - |
| Denoiser                    | ✓ |
| Long exposure               | ✓ |
| Line scan                   | - |
| Global start                | - |

#### Flashing

|              |   |
|--------------|---|
| Flashing     | ✓ |
| PWM flashing | ✓ |

Subject to technical modifications (2026-09-11)

## U3-3802SE-M Rev.1.2 (AB12880)

|                           |                                |                                                 |
|---------------------------|--------------------------------|-------------------------------------------------|
| Image Adjustments         | Auto exposure                  | ✓                                               |
|                           | Auto gain                      | ✓                                               |
|                           | Auto whitebalance              | -                                               |
