

Not recommended for new designs  
The camera model is no longer recommended for new application development.

Specification

|                                         |                       |
|-----------------------------------------|-----------------------|
| Sensor                                  |                       |
| Sensor type                             | CMOS Mono             |
| Shutter                                 | Global Shutter        |
| Sensor characteristic                   | Linear                |
| Pixel Class                             | 4 MP                  |
| Resolution                              | 4.19 Mpix             |
| Resolution (h x v)                      | 2048 x 2048 Pixel     |
| Aspect ratio                            | 1:1                   |
| ADC                                     | 12 bit                |
| Color depth (camera)                    | 12 bit                |
| Optical sensor class                    | 1"                    |
| Optical Size                            | 11.264 mm x 11.264 mm |
| Optical sensor diagonal                 | 15.93 mm 1"           |
| Pixel size                              | 5.5 µm                |
| CRA (Chief Ray Angle)                   | 0 °                   |
| Manufacturer                            | ams/CMOSIS            |
| Sensor Model                            | CMV4000-3E12M         |
| Gain (master/RGB)                       | 4x/-                  |
| AOI horizontal                          | same frame rate       |
| AOI vertical                            | increased frame rate  |
| AOI image width / step width            | 16 / 4                |
| AOI image height / step width           | 2 / 2                 |
| AOI position grid (horizontal/vertical) | 2 / 2                 |
| Binning horizontal                      | -                     |
| Binning vertical                        | -                     |
| Binning method                          | -                     |
| Binning factor                          | -                     |
| Decimation (subsampling) horizontal     | same frame rate       |
| Decimation (subsampling) vertical       | same frame rate       |
| Decimation (subsampling) method         | M/C automatic         |
| Decimation (subsampling) factor         | 2 / 4 / 6 / 8         |

### Model

|                                   |                                                                     |
|-----------------------------------|---------------------------------------------------------------------|
| Pixel clock range                 | 38 MHz - 344 MHz                                                    |
| Frame rate freerun mode           | 80 fps                                                              |
| Frame rate trigger (maximum)      | 80 fps                                                              |
| Exposure time (minimum - maximum) | 0.038 ms - 500 ms                                                   |
| Power consumption                 | 1.8 W - 3.6 W                                                       |
| Image memory                      | 128 MB                                                              |
| Special features                  | Overlap trigger<br>Dual exposure<br>Sensor source gain<br>Multi-AOI |

### Ambient conditions

The temperature values given below refer to the outer device temperature of the camera housing.

|                                             |                                 |
|---------------------------------------------|---------------------------------|
| Allowed device temperature during operation | 0 °C - 55 °C / 32 °F - 131 °F   |
| Allowed ambient temperature during storage  | -20 °C - 60 °C / -4 °F - 140 °F |
| Humidity (relative, non-condensing)         | 20 % - 80 %                     |

### Connectors

|                     |                                           |
|---------------------|-------------------------------------------|
| Interface connector | USB 3.0 micro-B, screwable                |
| I/O connector       | 8-pin Hirose connector (HR25-7TR-8PA(73)) |
| Power supply        | USB cable                                 |

### Pin assignment I/O connector

|   |                                     |
|---|-------------------------------------|
| 1 | Ground (GND)                        |
| 2 | Flash output with optocoupler (-)   |
| 3 | General Purpose I/O (GPIO) 1        |
| 4 | Trigger input with optocoupler (-)  |
| 5 | Flash output with optocoupler (+)   |
| 6 | General Purpose I/O (GPIO) 2        |
| 7 | Trigger input with optocoupler (+)  |
| 8 | Output supply voltage, 5 V (100 mA) |

### Design

|                  |                             |
|------------------|-----------------------------|
| Lens Mount       | C-Mount                     |
| IP code          | IP30                        |
| Dimensions H/W/L | 29.0 mm x 29.0 mm x 29.0 mm |
| Mass             | 52 g                        |
| Housing material | Magnesium / stainless steel |

### Features

List of on-camera image pre-processing features.

All features of the table are available via our IDS peak software for image pre-processing on the host computer (sensor model dependent).

#### Image Acquisition

|                             |   |
|-----------------------------|---|
| Freerun                     | ✓ |
| Software trigger            | - |
| Hardware trigger            | ✓ |
| Trigger controlled exposure | - |
| Denoiser                    | - |
| Long exposure               | - |
| Line scan                   | - |

## UI-3370CP-NIR-GL Rev.2 (AB00625)

|                           |                                |      |
|---------------------------|--------------------------------|------|
| Flashing                  | Flashing                       | -    |
|                           | PWM flashing                   | -    |
| Image Adjustments         | Auto exposure                  | -    |
|                           | Auto gain                      | -    |
|                           | Auto whitebalance              | -    |
|                           | Color correction               | -    |
|                           | Gamma                          | -    |
|                           | LUT                            | -    |
| On-board Image Processing | Mirror/flip                    | -    |
