GigE uEye SE

USB 3 uEye CP

GigE uEye CP

USB 3 uEye CP Rev.2

GigE uEye CP Rev.2

USB 2 uEye SE

IDS NXT rio

IDS NXT rome

## Reasons and description of the product adaption

IDS has passed a couple of new certifications (e.g. KC, RCM, etc.) There is no space left on the label to print all certifications besides camera match code, QR code, serial number, etc. at the label any more.

The label size increases from 25x8mm to 25x13mm. The widths stays the same, the height gains 5 mm.

Form fit and function of the camera does not change.

	Old label size 25x8mm	New label size 25x13mm
Real size		
Sample labels	 	 

## The following cameras can achieve RCM

uEye cameras:

- GigE uEye FA
- USB 3.1 uEye SE / GigE uEye SE
- USB 3 uEye CP Rev.2 / GigE uEye CP Rev.2
- USB 2 uEye SE

## **Recommended action for customers**

No action required by customers since form fit and function of the camera remain the same.

## **Date of change**

This product change takes place from 1<sup>st</sup> November 2020 in our production line.
